30 September 1949

1. The former TARNEWITZ (M 54/O 30) airfield hangars were destroyed and the concrete landing field was damaged in several spots. (Location of airfield, see Annex.) The houses west of the airfield were occupied by German refugees.

Early October 1949

2. The TARNEWITZ airfield was not occupied. No reconditioning work was under way.

11 October 1949

3. The southern edge of the concrete landing field of the TARNEWITZ airfield was torn up. The hangars and kasernes were destroyed. The airfield was serviceable but was unoccupied and unguarded.

Comment:

The condition and occupation of the airfield have not changed since August 1949. Contrary to an assumption mentioned in August 1949, no reconstruction work has been seen at the field. The present condition of the airfield precludes occupation by an air unit.
